

**Implementation Plan for Reopening  
In Accordance with the Pennsylvania Department of Health's  
Interim Guidance for Skilled Nursing Facilities During COVID-19**

FACILITY INFORMATION	
This section contains the name and location of the facility along with contact information for an individual designated by the facility. That individual does not have to be the Nursing Home Administrator but should be someone available to respond to questions regarding the Implementation Plan.	
<b>1. FACILITY NAME</b>	
<b>Meadow View Nursing Center</b>	
<b>2. STREET ADDRESS</b>	
<b>1404 Hay Street</b>	
<b>3. CITY</b>	<b>4. ZIP CODE</b>
<b>Berlin</b>	<b>15530</b>
<b>5. NAME OF FACILITY CONTACT PERSON</b>	<b>6. PHONE NUMBER OF CONTACT PERSON</b>
<b>Brenden Wagner, Administrator</b>	<b>814-267-4212 EXT. 308</b>

DATE AND STEP OF REOPENING
The facility will identify the date upon which all prerequisites will be met for reopening and the Step at which the facility will enter reopening. Those facilities that experienced a significant COVID-19 outbreak will identify the date the Department of Health survey was conducted (that is required prior to reopening).
<b>7. DATE THE FACILITY WILL ENTER REOPENING</b>
<b>9/29/2020</b>
<b>8. SELECT THE STEP AT WHICH THE FACILITY WILL ENTER REOPENING – EITHER STEP 1 OR STEP 2 (CHECK ONLY ONE)</b>
<input type="checkbox"/> <b>Step 1</b> <i>The facility must meet all the Prerequisites, including the baseline universal test for COVID-19 administered to staff and residents (in accordance with the <a href="#">June 8, 2020, Order of the Secretary of Health</a>)</i>
<input checked="" type="checkbox"/> <b>Step 2</b> <i>The facility must meet all the Prerequisites, including the baseline universal test for COVID-19 administered to staff and residents (in accordance with the <a href="#">June 8, 2020, Order of the Secretary of Health</a>)</i> <b>AND</b> <i>Have the absence of any new facility onset of COVID-19 cases for 14 consecutive days since baseline COVID-19 testing</i>
<b>9. HAS THE FACILITY EXPERIENCED A SIGNIFICANT COVID-19 OUTBREAK? (IF NO, SKIP TO #11)</b>
<b>No</b>

10. DATE THE FACILITY WAS SURVEYED BY THE DEPARTMENT OF HEALTH TO ENSURE THE FACILITY IS ADEQUATELY PREVENTING TRANSMISSION OF COVID-19

07/28/2020

### STRATEGY FOR TESTING, COHORTING, PERSONAL PROTECTIVE EQUIPMENT, AND STAFFING

To ensure the facility has taken appropriate measures to protect residents and staff, descriptions of those strategies are required in this section (prerequisites to reopening).

11. DATE RANGE FOR THE BASELINE UNIVERSAL TEST ADMINISTERED TO STAFF AND RESIDENTS (BETWEEN MAY 24, 2020 AND JULY 24, 2020) IN ACCORDANCE WITH THE [JUNE 8, 2020, ORDER OF THE SECRETARY OF HEALTH](#)

09/10/2020

12. DESCRIBE THE CAPACITY TO ADMINISTER COVID-19 DIAGNOSTIC TESTS TO ALL RESIDENTS SHOWING SYMPTOMS OF COVID-19 AND TO DO SO WITH 24 HOURS

Facility has the capacity to administer COVID testing to all residents showing symptoms of COVID-19. The facility also has the capacity to test all residents within a 24 hour period in the event of a positive case result in residents/staff.

13. DESCRIBE THE CAPACITY TO ADMINISTER COVID-19 DIAGNOSTIC TESTS TO ALL RESIDENTS AND STAFF IF THE FACILITY EXPERIENCES AN OUTBREAK

The facility is currently contracted with MolecularDX for in-house testing and has the availability of testing kits for all residents and staff for COVID testing within 24 hours as well as repeat testing in case of an outbreak.

14. DESCRIBE THE CAPACITY TO ADMINISTER COVID-19 DIAGNOSTIC TESTS TO ALL STAFF, INCLUDING ASYMPTOMATIC STAFF

The facility has the capacity to administer testing within 24 hours to all facility staff, including asymptomatic staff. All staff have completed baseline testing with negative results obtained.

15. DESCRIBE THE PROCEDURE FOR ADDRESSING NEEDED TESTING OF NON-ESSENTIAL STAFF AND VOLUNTEERS

The Administrator will discuss the need for COVID testing with all non-essential employees and volunteers. The facility has the availability to test non-essential staff, such as the beautician, and volunteers. The Infection Preventionist will coordinate testing on such individuals prior to the individuals being allowed entrance to the facility.

16. DESCRIBE THE PROCEDURE FOR ADDRESSING RESIDENTS OR STAFF THAT DECLINE OR ARE UNABLE TO BE TESTED

Residents not being tested due to refusal from the resident/legal representative will be relocated and quarantined for 14 days in the designated Yellow Zone – (potentially exposed/status unknown). The facility policy requires all staff to be tested. Staff will not be permitted to work until testing is completed. An employee refusing to be tested will be considered an automatic resignation.

17. DESCRIBE THE PLAN TO COHORT OR ISOLATE RESIDENTS DIAGNOSED WITH COVID-19 IN ACCORDANCE WITH [PA-HAN-509](#) PURSUANT TO SECITON 1 OF THE *INTERIM GUIDANCE FOR SKILLED NURSING FACILITIES DURING COVID-19*.

The facility has established Red, Yellow, and Green Zones in accordance with PA HAN 509. The Green Zone is defined as those residents which have tested COVID negative and have no signs and symptoms. The Yellow Zone is identified as residents that are of unknown status/refused testing, have negative testing but are a new or re-admission and have potential exposure. The Red Zone is dedicated to residents that have positive COVID testing and are in the 14 day exposure period.

18. DESCRIBE THE CURRENT CACHE OF PERSONAL PROTECTIVE EQUIPMENT (PPE) AND THE PLAN TO ENSURE AN ADEQUATE SUPPLY OF PPE FOR STAFF (BASED ON THE TYPE OF CARE EXPECTED TO BE PROVIDED)

Currently facility has 10+ days of required Personal Protective Equipment to provide routine daily care and COVID care. Supplies are maintained in a secure area and monitored and inventoried by the Central Supply Director.

19. DESCRIBE THE CURRENT STAFFING STATUS AND THE PLAN TO ENSURE NO STAFFING SHORTAGES

The facility has adequate staffing with use of facility staff. Supplemental agency staff is also contracted and available for any staffing shortages. Emergency administrative staffing teams are also in place to ensure proper staffing ratios.

20. DESCRIBE THE PLAN TO HALT ALL REOPENING FACILITIES IF THE COUNTY IN WHICH THE FACILITY IS LOCATED IS REVERTED TO A RED PHASE OF THE GOVERNOR'S REOPENING PLAN

The facility has established criteria for advancing and regressing through the reopening steps in accordance with a facility COVID outbreak or the identification of a Red Zone by the Pennsylvania Governor.

## SCREENING PROTOCOLS

In each block below, describe the screening protocol to be used including where screening occurs, method of determining symptoms and possible exposure, and action taken if screening reveals possible virus.

### 21. RESIDENTS

Residents are monitored daily for temperature elevation and signs/symptoms of COVID-19. Any resident with presenting signs/symptoms will be placed in droplet precautions, quarantined to his/her room, and tested for COVID-19.

### 22. STAFF

The facility will only permit entrance to the facility through the main door. All other entries will remain closed. The staff will enter the screening area at the main entrance. Staff will not be permitted to proceed unless screening is passed. If the staff member does not pass screening, he/she will be sent home and advised to consult a physician. Staff will return to work following the guidance of PA HAN 516. Screening consists of screening questions, temperature checks with recording of temperatures, donning face masks, and the use of alcohol-based sanitizer prior to entering. Additionally, staff temperatures are taken and recorded again at the end of his/her shift as a precautionary measure.

**23. HEALTHCARE PERSONNEL WHO ARE NOT STAFF**

Essential healthcare personnel, such as physicians, therapy staff, agency staff, and hospice providers, will enter the facility through the screening area in the main entrance and complete the same screening protocols as facility staff. Should one trigger the screening criteria preventing entrance, admittance will not be permitted and he/she will be referred to his/her employer for further direction and will not be able to enter the facility until PA HAN 526 criteria is met and satisfied. Essential healthcare providers, with the exception of physicians, ambulance personnel, and hospice, will be required to provide baseline COVID testing as indicated by the facility. All personnel will be required to utilize PPE during the entirety of his/her visit. This will include a minimum of a face mask and hand hygiene via handwashing and/or alcohol-based sanitizer before and after the visit. He/she will also be required to stay in designated locations, sign in, provide contact information, sign out upon departure, and adhere to screening protocols.

**24. NON-ESSENTIAL PERSONNEL**

All approved non-essential personnel will be tested for COVID-19, obtain a negative result, and provide results to the facility Administrator prior to coming into the facility. Non-essential personnel will be screened utilizing the same DOH approved, screening protocols as facility staff. Should one trigger the screening criteria preventing entrance, admittance will not be permitted and he/she will be referred to his/her employer for further direction and will not be able to enter the facility until PA HAN 526 criteria is met and satisfied. All non-essential personnel will be required to utilize PPE during the entirety of his/her visit. This will include a minimum of a face mask and hand hygiene via handwashing and/or alcohol-based sanitizer before and after the visit.

**25. VISITORS**

Visitors have not been permitted in the facility with the exception of end of life/compassion visits. As the facility moves forward with reopening, all visitors will be required to utilize the same DOH approved, screening protocols as facility staff. Should one trigger the screening criteria preventing entrance, admittance will not be permitted and he/she will be referred to his/her physician for further direction and will not be able to enter the facility. Visitors will be instructed to perform hand hygiene by handwashing or with an alcohol-based hand sanitizer before and after visitation, utilize a face covering/mask during visitation, sign in, provide contact information, sign out upon departure, adhere to screening protocols, and stay in designated areas. Any visitor refusing to comply with the screening process and facility protocols will either be denied access or asked to leave the facility property.

**26. VOLUNTEERS**

As the facility moves ahead with reopening, volunteers may be necessary to assist. Volunteers will be tested for COVID-19, obtain a negative result, and provide results to the facility Administrator prior to coming into the facility. Volunteers will be required to utilize the same DOH approved, screening protocols as facility staff. Should one trigger the screening criteria preventing entrance, admittance will not be permitted and he/she will be referred to his/her physician for further direction and will not be able to enter the facility. Visitors will be instructed to perform hand hygiene by handwashing or with an alcohol-based hand sanitizer before and after visitation, utilize a face covering/mask during visitation, sign in, provide contact information, sign out upon departure, adhere to screening protocols, and stay in designated areas.

--

Communal dining is the same for all steps of reopening so there is no need to differentiate among the three steps.

**27. DESCRIBE COMMUNAL DINING MEAL SCHEDULE, INCLUDING STAGGERED HOURS (IF ANY)**

Communal meal times will remain as posted with the additional seatings/times added to each dining room as needed to meet social distancing guidelines for participating residents.

**28. DESCRIBE ARRANGEMENT OF TABLES AND CHAIRS TO ALLOW FOR SOCIAL DISTANCING**

Each dining room will be set up to serve one resident at a time, at an individual table, with at least 6 feet of social distance between tables. Each facility dining room and seating varies. Maximum capacity is posted.

**29. DESCRIBE INFECTION CONTROL MEASURES, INCLUDING USE OF PPE BY STAFF**

The facility will disinfect dining room tables and chairs in between seatings and meals. Staff are utilizing either face shields or goggles when a resident requires feeding assistance in the event a resident may cough. This is in addition to required face masks. If a staff member needs to assist more than one resident, the staff member will wash hands between residents.

**30. DESCRIBE ANY OTHER ASPECTS OF COMMUNAL DINING DURING REOPENING**

Residents will utilize face coverings when traveling to and from the dining room. The facility will use regular dishes and utensils. Facility dish machine reaches 180 degrees Fahrenheit to effectively sanitize all dishes and utensils. The facility will continue the use of packets for salt, pepper, mayonnaise, sour cream, sugar, creamer, and salad dressing.

In each block below, describe the types of activities that will be planned at each step and the outings that will be planned at Step 3 (an all-inclusive list is not necessary). Include where they will be held and approximately how many residents will be involved. Describe how social distancing, hand hygiene, and universal masking will be ensured. Also include precautions that will be taken to prevent multiple touching of items such as game pieces.

**31. DESCRIBE ACTIVITIES PLANNED FOR STEP 1 (FIVE OR LESS RESIDENTS UNEXPOSED TO COVID-19)**

Residents utilize face coverings when leaving his/her room or sitting in the doorway for hall activities. The activities department is providing 1:1 activities. Additional FaceTime, Skype, and other social media opportunities are provided with IPADs and assistance from the activities department. The devices are cleaned with an approved cleanser in between uses. The Activity Director will utilize disposable supplies when able, sanitize all supplies that are reusable, or use dedicated supplies for a resident.

**32. DESCRIBE ACTIVITIES PLANNED FOR STEP 2 (TEN OR LESS RESIDENT UNEXPOSED TO COVID-19)**

The facility will have small group activities in a dedicated area on each floor. 10 or less residents will be seated in this area, maintaining social distancing and utilizing a face covering at all times. Hand sanitizers will be provided to all residents. All activities will have direct supervision by staff to ensure social distancing and masking guidelines are being followed. All exposed tables and chairs will be sanitized between uses. The Activity Director will utilize disposable supplies when able, sanitize all supplies that are reusable, or use dedicated supplies for a resident.

**33. DESCRIBE ACTIVITIES PLANNED FOR STEP 3**

The facility will have small group activities in a dedicated area on each floor. 10 or less residents will be seated in this area, maintaining social distancing and utilizing a face covering at all times. Hand sanitizer will be provided to all residents. All activities will have direct supervision by staff to ensure social distancing and masking guidelines are being followed. All exposed tables and chairs will be sanitized between uses. The Activity Director will utilize disposable supplies when able, **sanitize all supplies that are reusable, or use dedicated supplies for a resident.**

**34. DESCRIBE OUTINGS PLANNED FOR STEP 3**

Facility outings may be held to a local park or fishing area if the residents are interested. The facility bus can accommodate no more than 4 people, including the driver. Face coverings will be required at all times. The facility will schedule multiple rides to and from the park to ensure all residents wishing to participate may attend.

In Step 2, non-essential personnel deemed necessary by the facility are allowed (in addition to those already permitted in Section 4 of *Interim Guidance for Skilled Nursing Facilities During COVID-19*). In Step 3, all non-essential personnel are allowed. Screening and additional precautions including social distancing, hand hygiene, and universal masking are required for non-essential personnel.

**35. DESCRIBE THE LIMITED NUMBER AND TYPES OF NON-ESSENTIAL PERSONNEL THAT HAVE BEEN DETERMINED NECESSARY AT STEP 2**

**Non-essential personnel will be tested for COVID-19, obtain a negative result, and provide results to the facility administrator prior to coming into the facility. Personnel determined necessary at Step 2 are those individuals who provide services to the residents that are not considered emergent. Personnel will be required to follow the screening process and will be denied entry if screening is failed and be referred to his/her physician. One provider and one support staff member will be permitted at a time.**

**36. DESCRIBE HOW SOCIAL DISTANCING, HAND HYGIENE, AND UNIVERSAL MASKING WILL BE ENSURED FOR NON-ESSENTIAL PERSONNEL AT STEPS 2 AND 3**

A designated facility staff member will meet non-essential personnel at the door to provide education and proper PPE. The facility administrator will meet with the facility beautician to discuss social distancing, hand hygiene, disinfecting, and universal masking. The beauty shop will be limited to one resident at a time. The provider must clean the beauty shop area with an approved disinfectant prior to providing services to another resident. The beautician will not enter resident care areas. The resident will be brought to the beauty shop by a facility staff member. The facility administrator and activities staff will perform random audits and document results to ensure compliance. For ancillary providers, face masks will be required at all times. Gloves and handwashing will be utilized with all exams. One resident at a time will be seen and the provider must disinfect between residents.

**37. DESCRIBE MEASURES PLANNED TO ENSURE NON-ESSENTIAL PERSONNEL DO NOT COME INTO CONTACT WITH RESIDENTS EXPOSED TO COVID-19**

**COVID Red, Yellow and Green Zones will be identified. At no time will any non-essential providers be allowed in a Red or Yellow Zone. Faceshields or Goggles will be worn at all times on every nursing unit and residents will wear masks at all times, besides during consumption of meals.**

## VISITATION PLAN

For visitation to be permitted in Steps 2 and 3 of reopening (as described in Section 6 of *Interim Guidance for Skilled Nursing Facilities During COVID-19*), the following requirements are established. Screening and additional precautions including social distancing, hand hygiene, and universal masking are required for visitors.

### 38. DESCRIBE THE SCHEDULE OF VISITATION HOURS AND THE LENGTH OF EACH VISIT

#### Visitation Schedule

**Monday, Tuesday, Wednesday, Thursday, Friday 1PM to 4PM.**

**Weekend and Evening visitation will be based on requests and availability to provide the proper monitoring and disinfecting.**

**Visits will be limited to 15 minutes in order for the facility to accommodate all residents receiving visitors. The facility has established areas which allow for privacy as well as outside protection from inclement weather. Each area will be clearly defined to ensure compliance with universal masking, hand hygiene, and social distancing. Alcohol-based hand sanitizer will be available at the visitation station. Resident and visitor will be required to utilize sanitizer before and after visits.**

### 39. DESCRIBE HOW SCHEDULING VISITORS WILL OCCUR

**The Activity Department will be responsible for maintaining and scheduling visitation and communicating with staff and residents. The visitation process will be posted on the facility web page and the facility Facebook page. A notice will also be mailed to families and responsible parties. And given to the residents. The facility will post signs at the main entrance with contact information for visitors that may arrive unscheduled so they can call in and schedule a visit. Any time a visitor does not comply with the visitation process, they will be asked to leave immediately. The facility Administrator will speak with the family before another family visit may be scheduled. Should a second visit result in not following the procedure, visitation for that person will be stopped. This is in order to maintain the safety of facility residents and staff.**

### 40. DESCRIBE HOW VISITATION AREA(S) WILL BE SANITIZED BETWEEN EACH VISIT

**Visitation areas will be clearly marked in order to maintain a six foot distance from resident to visitor. Each visitation area will provide seating and will be disinfected using an approved disinfectant at the conclusion of each visit and prior to the next visit. The facility will keep a staff log to ensure all areas have been disinfected prior to each visitation. Approved disinfectant will be kept at the visitation station.**

### 41. WHAT IS THE ALLOWABLE NUMBER OF VISITORS PER RESIDENT BASED ON THE CAPABILITY TO MAINTAIN SOCIAL DISTANCING AND INFECTION CONTROL?

**The visitation area will accommodate no more than 2 adults and 2 children. Children are permitted as long as they are accompanied by an adult and can be safely managed by an adult. Children over the age of 2 and all adult visitors must maintain a face covering at all times. All visitors including children must maintain social distance at all times.**

### 42. DESCRIBE THE ORDER IN WHICH SCHEDULED VISITS WILL BE PRIORITIZED

**Residents that are displaying a significant decline in mood or express anxiety, anger or depression over being isolated from his or her family will receive first priority for visitation. All other visits will be scheduled on a first come first serve basis. The facility will make every attempt within reason, as they are able, to meet resident need and family schedule.**

<p><b>ST E P 2</b></p>	<p><b>43. DESCRIBE HOW THE FACILITY WILL DETERMINE THOSE RESIDENTS WHO CAN SAFELY ACCEPT VISITORS AT STEP 2 (CONSIDERING SUCH SAFETY FACTORS AS EXPOSURE TO OUTDOOR WEATHER AND TRANSPORTING RESIDENT TO VISITOR LOCATION)</b></p> <p>In Step 2, visitation will occur outdoors. Residents in a COVID Green Zone will be able to have scheduled visitors. However, residents in the COVID Yellow and Red Zones will not be permitted visitors until he or she moves to a Green Zone. The facility will have an established indoor area to use in certain situations such as weather or resident inability to be outside. In inclement weather, the indoor area may be utilized however this may impact the schedule and visitors may have to abbreviate visits if necessary. On extremely hot or humid days, those residents that are not able to tolerate the heat will be able to have indoor visits in designated areas. The facility staff will provide transportation and supervision during visitation for residents within the facility.</p>
	<p><b>44. DESCRIBE THE OUTDOOR VISITATION SPACE FOR STEP 2 TO INCLUDE THE COVERAGE FOR SEVERE WEATHER, THE ENTRANCE, AND THE ROUTE TO ACCESS THE SPACE</b></p> <p>The facility has an established outdoor visitation area. Area is covered and offers protection from the weather. The visitation area will be located in front of the building where visitors will check in, be screened, and asked to perform hand hygiene. The visitor will be escorted to the designated visitation area to await the resident’s arrival. At no time should the visitor divert from this area.</p>
	<p><b>45. DESCRIBE HOW A CLEARLY DEFINED SIX-FOOT DISTANCE WILL BE MAINTAINED BETWEEN THE RESIDENT AND THE VISITOR(S) DURING OUTDOOR VISITS</b></p> <p>The visitation area will be clearly marked to identify the six foot distance. Visitors will be provided education at the time of check-in. Visits will be monitored from a distance by a staff member for compliance and to allow privacy.</p>
	<p><b>46. DESCRIBE THE INDOOR VISITATION SPACE THAT WILL BE USED IN THE EVENT OF EXCESSIVELY SEVERE WEATHER TO INCLUDE THE ENTRANCE AND THE ROUTE TO ACCESS THE SPACE</b></p> <p>Indoor visitation will occur in the Level III Activity Room. Furniture will be arranged to accommodate social distancing guidelines and clear 6 foot designation will be visible. The area can accommodate one resident with 2 visitors. If the visitor passes screening, the visitor will be permitted access through the main entrance. The entrance will remain locked from the outside. Children are not permitted inside the facility at this time.</p>
	<p><b>47. DESCRIBE HOW A CLEARLY DEFINED SIX-FOOT DISTANCE WILL BE MAINTAINED BETWEEN THE RESIDENT AND THE VISITOR(S) DURING INDOOR VISITS</b></p> <p>The visitation area will be clearly marked to identify the 6 foot distance. The visitors will be provided education at the time of check-in and will be monitored by staff from a distance for compliance. Furniture will be arranged to accommodate social distancing and provide visual reminders or visitation requirements. Markings and signage may be used as visual aids.</p>

<b>ST E P 3</b>	<p>48. DESCRIBE HOW THE FACILITY WILL DETERMINE THOSE RESIDENTS WHO CAN SAFELY ACCEPT VISITORS AT STEP 3 (CONSIDERING SUCH SAFETY FACTORS AS TRANSPORTING RESIDENT TO VISITOR LOCATION)</p> <p>Residents that are in a COVID Green Zone will be permitted visitors. These visits may be indoor or outdoor according to preference and availability. Staff will provide distant monitoring to ensure compliance with social distancing, especially for those residents that have cognitive impairment. For those residents in the Green Zones that are not able to be transported, visits may occur at bedside. There may be no more than 2 visitors at a time and visits will last more than 15 minutes. All visitors will be screened prior to entering and will be provided hand hygiene and infection control reminders.</p>
	<p>49. WILL OUTDOOR VISITATION BE UTILIZED AT STEP 3? IF NO, SKIP TO QUESTION #52</p> <p>Outdoor visitation will continue in Step 3 and will also be encouraged as it is the safest means of visitation for the both the resident and the visitor.</p>
	<p>50. DESCRIBE THE OUTDOOR VISITATION SPACE FOR STEP 3 TO INCLUDE THE COVERAGE FOR SEVERE WEATHER, THE ENTRANCE, AND THE ROUTE TO ACCESS THE SPACE (IF THE SAME AS STEP 2, ENTER "SAME")</p> <p>Refer to Step 2.</p>
	<p>51. DESCRIBE HOW A CLEARLY DEFINED SIX-FOOT DISTANCE WILL BE MAINTAINED BETWEEN THE RESIDENT AND THE VISITOR(S) DURING OUTDOOR VISITS (IF THE SAME AS STEP 2, ENTER "SAME")</p> <p>Refer to Step 2</p>
	<p>52. DESCRIBE THE INDOOR VISITATION SPACE THAT WILL BE USED TO INCLUDE THE ENTRANCE AND THE ROUTE TO ACCESS THE SPACE (IF THE SAME AS STEP 2, ENTER "SAME")</p> <p>Refer to Step 2.</p>
	<p>53. DESCRIBE HOW A CLEARLY DEFINED SIX-FOOT DISTANCE WILL BE MAINTAINED BETWEEN THE RESIDENT AND THE VISITOR(S) DURING INDOOR VISITS (IF THE SAME AS STEP 2, ENTER "SAME")</p> <p>Refer to Step 2.</p>
	<p>54. FOR THOSE RESIDENTS UNABLE TO BE TRANSPORTED TO THE DESIGNATED VISITATION AREA, DESCRIBE THE INFECTION CONTROL PRECAUTIONS THAT WILL BE PUT IN PLACE TO ALLOW VISITATION IN THE RESIDENT'S ROOM</p> <p>For those residents in the Green Zones that are not able to be transported, visits may occur at bedside. There may be no more than 2 visitors at a time and visits will last no more than 15 minutes. All visitors will be screened prior to entering and will be provided hand hygiene and infection control reminders.</p>

In Step 2, volunteers are allowed only for the purpose of assisting with outdoor visitation protocols and may only conduct volunteer duties with residents unexposed to COVID-19. In Step 3, all volunteer duties may be conducted, but only with residents unexposed to COVID-19. Screening, social distancing, and additional precautions including hand hygiene and universal masking are required for volunteers.

**55. DESCRIBE INFECTION CONTROL PRECAUTIONS ESTABLISHED FOR VOLUNTEERS, INCLUDING MEASURES PLANNED TO ENSURE VOLUNTEERS DO NOT COME INTO CONTACT WITH RESIDENTS EXPOSED TO COVID-19**

Volunteers will not be permitted in the COVID Red or Yellow Zones. Prior to entering the facility, volunteers must be screened and complete hand hygiene. Volunteers will be provided written education on social distancing, visitation disinfecting, hand hygiene, universal masking, and additional COVID-19 specific training. Volunteers must sign that he or she understand the requirements. Volunteers may be provided a disposable gown to utilize during the visit if necessary. Any volunteer refusing to comply with the screening and facility process will either be denied access or asked to leave the facility property. Volunteers will also be expected to participate in necessary COVID testing. Regular volunteers will be required to submit a negative test prior to returning.

**56. DESCRIBE THE DUTIES TO BE PERFORMED BY VOLUNTEERS DURING STEP 2**

Volunteers may assist with the screening process after he or she has demonstrated competency. Volunteers may provide visual oversight or monitoring of a visitor social distancing compliance, hand hygiene and face coverings. Volunteers may also assist in visitation disinfecting.

The Nursing Home Administrator (NHA) is responsible for the accuracy of the Implementation Plan and the facility's adherence to it. Upon completion of blocks 1-57, the Implementation Plan should be printed and the signature and date affixed by the NHA in block 58.

**57. NAME OF NURSING HOME ADMINISTRATOR**

Brenden Wagner

**58. ATTESTATION**

I attest that the information provided in this Implementation Plan is an accurate representation of the facts and that this facility will adhere to the Implementation Plan as written. I further attest that the county in which this facility is located is in a Yellow or Green phase per the Governor's Reopening Plan. This Implementation Plan will be posted on our website (if one exists) or made available to all residents, families, advocates such as the Ombudsman and the Department upon request. This facility will progress to the next step of reopening only when the criteria is met as described in the *Interim Guidance for Skilled Nursing Facilities During COVID-19*. If at any point during reopening the facility fails to meet the criteria for reopening, I will ensure the facility ceases reopening immediately. Further, if at any point during reopening this facility is operating under a contingency staffing plan, I will ensure the facility ceases reopening immediately.
